TAXPAYERS ARE SAVED SUM OF \$702

LOCAL BANKERS BID FOR PRIVILEGE OF BEING COUNTY TREASURER—THE FISCAL COURT MEETS

The Lincoln County Fiscal Court held session two days here this week, Tuesday and Wednesday, letting contracts for the improvement of the turnpikes of the county and transacting considerable other business that came before the body.

The court held its biennial election at County Treasurer, and an interesting race developed between Cashier W. M. Wright, of the Lincoln County National Bank, the incumbent and George L. Peany, Vice President of the new State Bank & Trust Company as a result of which, the taxpayers of the county are saved the neat sum of \$702. Under previous conditions, the county has been paying its treasurer a salary of \$200 a year. When the court went into election of a treasurer for the next term, the name of Mr. Peany was presented with the statement that he would be glad to fill the office without salary. Squire McKechnie, who had offered Mr. Wright's name for reelection, stated that he would accept under the same terms whereupon it was stated that Mr. Peany would be glad to pay \$100 a year for the privilege of acting as treasurer. His bid was met and he then raised his offer to \$150 a year, which was met by an increase to \$151 a year, and at this figure Mr. Wright was elected treasurer, thus bringing into the treasury the sum of \$202 for the two years' term as well as saving the county the \$400 salary paid before. A net saving to the taxpayers of \$702 a year. It is understood that most of the other counties of the state are paid by bankers for privilege of handling the county's funds.

As previously outlined in the I. J., the magistrates abolished the office of Turnpike Supervisor and decided that each magistrate shall in the future have personal charge of the roads in his district. The salary paid the turnpike superintendent was increased from \$800 to \$1,000 a year. This it was decided, will be equally divided among the magistrates for their road work, the plan being to allow them \$3 per day, not to exceed \$250 a year for their road service.

The court fixed the school levy for the current year at 10 cents on each \$100 worth of property, and the regular tax levy at 5 cents.

It was brought out at the meeting that the county has not collected any interest for two years on \$4,500 of its sinking fund it has loaned out. The resignation of County Judge Bailey as a committee to collect this interest and the loan, was accepted and Squire McKechnie was appointed to proceed to collection of the amounts due, and he will file suit, if necessary, to collect the money.

It was decided to place \$30,000 in insurance upon the courthouse and \$5,000 upon the furniture and contents, and this was equally divided among the eight insurance agencies of the city.

The Fiscal Court fixed \$200 a year as salary for a Squire, Inspector, under the new law recently enacted by the legislature. The appointment of an Inspector was voted to the County Judge and Judge Bailey appointed his son, Wallace, to the office.

The court ordered that County Superintendent Garland R. H. H. be relieved of the use of the office in the courthouse previously used by the County Commissioner, as he is bad for the use of office room.

The court voted to allow County Attorney W. A. Burch \$35 to buy books for his office.

When the Lincoln County tax list was sold to Sheriff McCall for \$75.

A number of pauper claims were allowed as follows, the amount being per month: John A. Gooch \$3 to August; Logan Mullins \$2.50; Mamie Miller \$2 to the poorhouse; Mamie Lankford \$3; Belle Rouse \$2; Mrs. Bevel Harvey \$3 for keeping two children; Nicy J. Padgett \$2.

HUSTONVILLE

Judge J. D. Swope passed through the West End this week en route to Casey.

Capt. Jake Wallis is out on the war path this week after another car load of poultry and eggs.

A little nine pound beauty arrived at the quiet home of Mr. and Mrs. G. W. Moore last week and her name is Ruth and she is the tenth child born to these good people.

Miss Lulu Barier, who recently closed a successful term of school at the Jernold school building will after a vacation open a school for the larger as well as small pupils.

The county road up and down the three river gravel. This is badly needed being given its legal width. Afterwards it will be ditched and raised in the center and given a good coat of green river gravel. This is badly needed and will be a great benefit to all the inhabitants and enhance the value of their lands.

On March 20th the writer was in ten separate and distinct snow storms, with sunshine between each one.

Josh Brown has just completed a summer residence on the top of the highest knob in the upper Green river valley. Jean is a good, clean gentleman and lived by his neighbors, all of who are glad to see him getting up in the world.

My actual count on last Saturday about three o'clock in the afternoon there were fifty three buggies and a number of wagons on Main street in our city. There were also quite a number in the lively stables.

Zora Smith is a good road builder, the kind you read about. He is doing a high class job of work on the McKinney and Middleburg road that must be to be properly appreciated. The gravel he is putting on is clean of dirt and sand, and consequently will last much longer.

Late news from Miss Bettie Logan, who has been wintering in the balmy breezes of Florida, indicate that she will return to Kentucky soon and arrange to make the south her permanent home. She will stop for ten days in Birmingham, Ala. She says she is certainly and permanently charmed with the climate, the towns and cities as well as the people and is seriously contemplating an early return this fall and make an investment in property there.

Dr. O. S. Williams arrived home from Lexington Tuesday, where he has been treated for an affection of one of his eyes. He will doubtless be in his office here all of next week.

My friend, you will be better able to attend to business and to labor with your hands this next week if you will attend divine service next Lord's day and we kindly invite you to attend Sunday School at the Christian church, and I assure you you will never have cause to regret it. Join class No. 3 and hear the Master's Word made plain.

The vouchers of pensioners on rural routes will in the future be filled out by the carriers, who have been empowered to do this work as a very convenient cost. This will be quite a convenience as well as a saving to many pensioners.

Compliments.

Wife—I was a fool when I married you, Hub—Well, I wasn't such a wooer myself.—Boston Transcript.

Horse Show Day

MONDAY WILL BRING BLOODED EQUINES TO TOWN.

The finest display of horse stock shown in any county in Kentucky will be seen here Monday, which is April Court Day and annual Horse Show Day. No county in the state is producing and finer equine blood than Lincoln. The breeders here are discriminating judges of horseflesh and are securing only the very best. A glance over the advertising columns of the Interior Journal in both issues even the week will show just how splendid is the quality of horse stock to be had. Come to town Monday and see the blue blooded beauties go through their paces. And bring along a dollar for the I. J., so that you can read all about them.

Getting Bad At Sopas

HOUSE ROBBED AND BURNED AND A HOLD-UP

Sopas, Ky., April 4. While Mr. and Mrs. D. Stevers and family were away from home last Sunday week visiting a neighbor, thieves entered their residence near here and stole two fine gold watches and a good revolver and possibly other things and then burned the house. There was no fire in the house at 1 P. M., when the Stevers left and at 3 o'clock it was in ashes. About \$500 worth of furniture was destroyed.

No insurance. Fred Whitaker, a young man who came here from Vanceburg to help Mr. Bell manufacture brooms, was accosted by highwaymen one night recently on the Glade Fork road at Parker's mill and in a scuffle with them was shot in the hand inflicting a painful wound. A Waynesburg physician attended the young man and pronounced the wound not necessarily dangerous. The attack on the young man on a lonely road at night and the burning of the Stevers residence are believed to have been the work of the same parties. It is hoped the authorities at Stanford will take notice and if possible, have a detective ferret out the perpetrator of these outrages.

TWO LANDMARKS CONF IN EAST END

MRS. GORMLEY AND JOHN SALTER PASS OVER DARK RIVER—EAST END NEWS

Crab Orchard April 6th.

The death angel has been stalking abroad in the East End. Mrs. Margaret Gormley, the oldest member of the Baptist church here, and the oldest woman in our community died Monday evening, and was laid to rest in the cemetery here after services conducted by Mr. J. She is survived by a son, William Gormley and two daughters, Mrs. Cook and Mrs. Morgan. She had suffered three paralytic strokes in the last few years and was able to get out but little. She was a faithful member of the church having joined when but 11 years of age.

Governor Refuses

MRS. HUFFMAN'S REQUEST FOR PARDON FOR NEGRO GIRL.

The following appeared in the Frankfort News-Journal last week:

Governor Augustus E. Wilson has been asked to grant a pardon to Hettie Doty, a colored woman residing in Lexington. The request comes from Mrs. Helen B. Huffman, of Hustonville, who makes the request because the doty woman's mother was her nurse when she was small.

Mrs. Huffman wrote to the Governor that her old black mammy had a daughter, who while a young girl killed her new-born child in Boyle county and was sentenced to the penitentiary for life. The doty woman has been paroled, after serving a long term in prison, and is now living in Lexington under another name. Mrs. Huffman wants a pardon granted, but the Governor refused saying the woman was fortunate to be released on parole.

The Spitting Snake.

A snake found in Africa is called the spitting snake by the Boers. It is between two and three feet long and is especially bold and active, readily attacking every one who approaches it. In confinement it is very savage, opening its mouth and ejecting its fangs, from which the poison may be often observed to drop and even sometimes to be forcibly ejected, whence the name given it by the Boers.

Horse Runs Away

AND THROWS OUT TWO M'KINNEY YOUNG LADIES

McKinney, April 6.

A young horse which J. T. Gooch was driving last Saturday afternoon, got scared and ran away with him, throwing out Misses Belle Cowan and Bessie Jarboe, who were riding with him. The animal snapped the bit at the first dash, and ran for several miles before he was stopped. The young ladies had a very narrow escape and were considerably shaken up by their experience, as it was, but we are glad to state that none was seriously hurt.

Brother Gubbart will preach at the Christian church Sunday.

Fair warning to the men and boys of McKinney who congregate in the lumber yards and box-cars some times in the week-end and almost every Sunday in front of people's homes where women and children and men of all classes can see their maneuvers open. While we do not know that they are gambling and drinking whiskey, we cannot see the money and can't tell the color of the water in the bottles, we judge that they are violating the law and committing a crime, and if such does not cease to appear, we who will not tolerate such things, are going to find out just exactly what they are doing.

FROM BELHAVEN, N. C.

In sending a dollar for the I. J. for a year, J. B. Curtis, of Belhaven, N. C., writes:

I love to read the news from old Kentucky especially from Lincoln and Boyle counties. I married a girl from Lincoln county and lived in Boyle at Junction City eighteen years. I was employed by the Interstate Cooperative Co., and I am with the same company as manager of the finishing department. I have been at Belhaven four years. This company employs about six hundred men at the different departments which are band saw mill with a capacity of one hundred and twenty five thousand feet of lumber per day, also eight stove saws turning out eighty thousand barrel staves per day. Then there are heading saws. This stuff is finished ready for the barrel. They have a box phonk factory of large capacity.

Belhaven is on the north west shore of Pamlico Sound. Four years ago this town had a population of three hundred. Today the population is four thousand eight hundred and plenty of labor for all. There are several saw mills and other kinds of employment. The fish and oyster industry is one of the chief money getters. The climate and salt water breezes make this an exceptional healthy climate. We have some slight freezes once in a while see snow but not more than a day at a time.

Flies and Typhoid.

It has been found that the prevalence of typhoid fever in India varies regularly with the abundance of flies.

WINDSTORM PLAYS HAVOC IN LINCOLN

BIG BARN BLOWN DOWN NEAR CRAB ORCHARD AND OTHER DAMAGE IS DONE.

It blew great guns all over Lincoln county Tuesday night, much damage being done by the terrific storm. A number of barns were blown down and others lost their roofs while the destruction to trees was very great.

The large \$1,000 tobacco barn of Col. R. H. Bronaugh, at his farm near Crab Orchard was completely destroyed, a small hurricane coming up a hollow back of the barn and tumbling the big structure, which had been built to accommodate 15 acres, into a mass of kindling wood. A number of large trees were also blown down on Col. Bronaugh's place.

The end of a large barn on the farm of J. D. Wade and sons was blown in by the force of the gale and several very large and beautiful old monuments of the forest were uprooted during the night.

A pole upon which was strung the wires of the Stanford Water, Light and Ice Company, gave way before the strain of wind and rain about seven o'clock. It was near the railroad on the Danville pike, and in order to get the wires repaired all the lights in town had to be shut off for about an hour. Superintendent Frank Stout with his clever assistant Neely Stonewere quickly on the job, however, and soon had things righted.

It is believed that the gale which struck this section is the tail end of the hurricane which had been raging along the Gulf coast states during the previous twelve hours.

A small cyclone is reported to have swept up the Green river valley in the West End, blowing down a great many trees and toppling over telephone poles. The Hustonville exchange had a great many wires out of commission and had to keep a force of men at work all Wednesday repairing the damage.

The roof of H. C. Focker's barn was torn off and the roof of Dr. Hugh Reid's residence was badly damaged by the heavy wind.

See Jesse D. Wearren the Insurance Man and keep your property protected against cyclones and storms, as well as fires.

A HEALTHY, HAPPY OLD AGE

May be promoted by those who gently cleanse the system, now and then, when in need of a laxative remedy, by taking a desettispoonful of the ever refreshing, wholesome and truly beneficial Syrup of Figs and Elixir of Senna, which is the only family laxative generally approved by the most eminent physicians, because it acts in a natural, strengthening way and warms and tones up the internal organs without weakening them. It is equally beneficial for the very young and the middle aged, as it is always efficient and free from all harmful ingredients. To get its beneficial effects it is always necessary to buy the genuine, bearing the name of the Company—California Fig Syrup Co.—plainly printed on the front of every package.

COFFEY AND COLEMAN.

Judge George Denny Dead

NOTED REPUBLICAN LEADER FORMERLY IN THIS SECTION

Judge George Denny, formerly of Lancaster, Commonwealth's Attorney in this district and in his day one of the most prominent republicans in Kentucky, died at his home in Lexington.

He had suffered a stroke of paralysis several years ago, and was due to this, complicated with a recent attack of pneumonia.

In 1807 he was appointed by State Auditor Frank P. James, State Revenue Agent for Fayette county, and held this position at the time of his death. He had spent the early part of his childhood in Garrard county, moving to Lexington in 1834 and while a resident of Garrard county was elected Commonwealth's Attorney in this district. He was chairman of the republican State Committee in 1878, and for more than 30 years he was one of the best prominent members of his party in the state. In recent years he had given his chief attention to his extensive law practice in Lexington.

Judge Denny was 6 feet four inches tall and a man of commanding presence. He was an eloquent speaker, with a voice that compelled attention in any audience. In his home he was one of the most courteous and hospitable of Kentuckians.

He is survived by his wife and three children. Misses Eugenia and Maudie Leavelle Denny, who make their home with their parents and Lieut. Hamilton Denny, of the United States army, who is now on the sick list in the Government hospital in Washington, City.

Judge Denny was born at Palat, Garrard county, May 11, 1848. He was graduated from Centre College in 1868 and began reading law in the office of Judge George R. McKee at Lancaster. In 1869 he entered the senior class of the Louisville Law School and was graduated in February, 1870.

In November, 1870, he married Miss Mary Dunlap, daughter of the Hon. George W. Dunlap, of Lancaster.

In 1870 he was elected on the Republican ticket County Judge of Garrard county. At the expiration of his term as County Judge he was elected Commonwealth's Attorney of the Eighth judicial district, winning over the Democratic candidate by 777 votes while Judge Mike Owsley, the Democratic candidate for Circuit Judge was elected by a majority of 1,508 votes.

In 1884 he was sent as a delegate from the Eighth congressional district to the National Convention at Chicago. He was one of James G. Blaine's counsel in the famous libel suit against the Indianapolis Sentinel. In that year he made his home. In 1894 Judge Denny was the Republican candidate for Congressman from the 7th district. His opponent, W. C. Owens of Scott county, the Democratic candidate was elected by a majority of only 301 votes. Judge Denny contested the election, but lost the contest.

Remedies are Needed

Where we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions, which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from active medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine or known composition, not even though the urgent dealer may thereby make a little bigger profit. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

GEORGE B. COOPER, Clerk Lincoln County Court.

All Peavine

Description and Breeding.—5 years old; 15-3 hands high; a good colored chestnut with best of bone, conformation, style and action. Sired by Rex Peavine 1799; lat dam by Peavine 25; 2d dam by Warren Harris Denmark; 3d dam by John Naylor, he by Davie Crockett.

NOTE.—In offering the services of this young stallion to the public, I do not hesitate to say he is without a doubt the best stallion in reach of the people of Lincoln county and adjoining counties both in individuality and blood. He has as much Peavine blood as is possible to get in one horse and that is the breeding that is in demand today. If you have any doubt about that, compare the prices I have sold them for with any other breed in the country.

TERMS: \$25 to insure a living colt.

POWHATAN.

Description and Breeding.—Six years old; 15-3-4 hands; a rich colored bay with as much style and action as any body horse. Sired by Dignity Dare, lat dam Minnie by Hiten; this is the same Owens mare that has produced as many good colts as any mare in Lincoln county. This horse in no experiment. I purchased him from L. H. Owens after looking at his colts for two seasons. He is a breeder second to none in Lincoln county. See him before you breed your mares.

TERMS.—\$10 to insure a living colt.

THREE GOOD MULE JACKS.

At the same time and place will stand my three good mule jacks at \$6 to insure a living colt. These jacks need no advertising as they are known to breeders all over the county.

Service fee on all the above advertised stock due when colt is foaled, mare sold, traded or bred to other stock. These terms apply to all. Care taken to prevent accidents but not responsible should any occur.

The Oldest City.

The city with the longest continuous history is Damascus. It was a place of considerable importance away back in the time of Abraham, 1900 before Christ. Its actual foundation is lost in antiquity. Nobody knows when Damascus did not exist. It is possible that there were cities in Babylonia of Egypt before the Syrian metropolis arose, but we know nothing about them. The old Syrian town today has a population of some 200,000, is the center of a fine trade and still merits its fame of being one of the most beautiful places on earth.

EGZEMA CURE A BEAUTY WASH

Although D. D. D. Prescription has been recognized for years as the one remedy for Eczema, Psoriasis, and all other forms of skin diseases, it is now known that there is no other wash even those used by the beauty specialists, that can compare with this mild liquid for cleansing the skin or pimples, blackheads, rash, and all similar skin affections.

For this reason alone a bottle of D. D. D. should be kept on hand in every household. A trial bottle \$5c. will show you the merits of this great remedy as a complexion wash.

D. D. D. seems to relieve the cause whatever the trouble may be, cleansing the skin, and leaving it as soft as smooth as clear as that of a healthy child.

Get a 25c bottle today and keep it in the house.
